

AM I THE RIGHT FIT?

Are you a trained teacher with school experience and;

a desire to own your own business

a desire to get away from the politics of school

the ability to motivate yourself to set work hours

an ability to listen and learn at training courses

the desire for your students to do better at school

a willingness to learn new skills, particularly the use of new technology in education

a willingness to share what you have learned with your fellow franchisees

a 'can do' attitude

excitement about working with like minded people

a passion for helping children reach their full learning potential

Are you all of these things? If so, you are a perfect candidate to join the KMEC organisation.

“ Four years ago I left classroom teaching to find another direction in education. After a great deal of research I decided that owning and operating a Kip McGrath Education Centre would give me exactly what I was looking for.

I started Arana Hills from scratch. It was a challenging first year but soon became rewarding – both financially and with the difference I was making to children's lives. ”
